DETAILED ACTION

Oath/Declaration

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not state that the person making the oath or declaration acknowledges the duty to disclose to the Office all information known to the person to be material to patentability as defined in 37 CFR 1.56.

In this application the declaration lacks a proper acknowledgment of applicants' duty of disclosure. The declaration duty of disclosure language does not comply with 37 CFR 1.63 because it currently reads: "I/We hereby claim benefit under Title 35, United States Code § 120 of any United States application(s) listed below, and insofar as the subject matter of each of the claims in this application is not disclosed in the prior United States application in the manner provided by the first paragraph of Title 35, United States Code § 112, I/we acknowledge the duty to disclose material information as defined in Title 37, Code of Federal Regulations, § 1.56(a) which occurred between the filing date of the prior application and this filing of this application." (B) Applicant claimed benefit to Application 09/766,587 for the first time in this reissue. Since the filing date of the patent which is seeking reissue is after November 29, 2000, the proper petition to accept an unintentionally delayed benefit claim under 37 CFR § 1.78(a)(3) and surcharge under 37 CFR § 1.17(t) are required. See MPEP §§ 1402 and 201.11.

Claims 1-2 and 4-13 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

Art Unit: 3749

The nature of the defects in the declaration is set forth in the discussion above in this Office action.
